Sleep Study | Flower Girl

Simon Recordings and Invisible Button Entertainment are pleased to announce the highly anticipated debut release, *Nothing Can Destroy*, by heralded Twin Cities' rock quartet *Sleep Study*. This tightly crafted album, co-produced by Honeydogs' impresario Adam Levy, is an unabashed nod to 70's pop combined with a forward-looking musical aesthetic that offers listeners ten instant hits without a single throwaway track. Sleep Study is Cory Eischen (keys/vocals), Justin

Hartke (bass/vocals), Ryan Paul Plewacki (vocals/guitar), and Alexander Young (drums).

After establishing themselves as a "band to watch in 2012", Sleep Study will celebrate the album's release on Friday, August 17th, 2012 at the historic 7th Street Entry along with special guests *Prissy Clerks*, *The Small Cities* and Hannah von der Hoff (*Sexcat*).
